

Save the date! March 21-22, 2016

Our African Origins

A symposium on the fossil record of our evolution

The story of where humans came from starts in Africa – we are all Africans. Join internationally recognized leading scholars who are recovering the fossil evidence of our origins in Africa and learn more about our evolutionary past.

Featuring

Dr. Meave Leakey

Monday March 21 7:00 pm at the Missouri Theater

and
